### Applegarth Farm Shop, the Grimes & Stephenson family

I can confirm that Applegarth Farm Shop and the Grimes & Stephenson family are kindly raising much needed funds in aid of Cardiomyopathy UK with the James Stephenson Golf Day ([www.jamesgolfdays.com](http://www.jamesgolfdays.com)). We welcome your support for their fundraising.

**Cardiomyopathy UK is a national charity fighting heart muscle disease through support, education, campaigning and research. We want every person affected by cardiomyopathy to get the best treatment, information, care and support.**

Our services include

- freephone confidential helpline (0800 018 1024)
- specialist cardiomyopathy support nurses
- expert-authored publications and a website full of useful information
- online forums where those affected by cardiomyopathy can share experiences
- information days with leading medical cardiomyopathy experts
- volunteer-led support groups providing mutual support

Our specialist nurses help with a wide range of queries, from medical and lifestyle to latest research and genetic screening. We provide education, information and resources to the medical profession and campaign to improve care and make heart muscle disease a key priority for policymakers and the medical profession. Our medical advisors include world leading cardiologists from Bart's and Great Ormond Street Hospitals.

We are here for those who have just been diagnosed with cardiomyopathy, those living with the condition and for families and friends who need support or advice.

As a UK charity that receives no government funding, we rely entirely on the generosity of our supporters to fund our vital services for individuals and families affected by cardiomyopathy, and so **every penny received makes a vital difference.**

Should you require any further information, please do get in touch, and we thank you in advance for whatever support you can give.

Yours faithfully,

Christie Jones
